HOSPITAL ASSOCIATION.

Director Now in the Field Collecting Various Subscriptions.

Matters with the Gainesville and Alachua County Hospital Association are assuming some kind of a definite shape. The plans of buildings are now receiving the finishing touches of the architect, and will be submitted and adopted, if correct, within a short time when building will begin.

The Association has secured the services of T. B. Ellis, Sr., as collector of subscriptions, and Mr. Ellis has gone to work in earnest. If he is as successful in the collection of these subscriptions as he is with the city taxes, the Association need have no fear.

Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine E. C. Wolfe of Bear Grove, Iowa, cheated death. He says: "Two years ago I had kidney trouble, which caused me great pain, suffering and anxiety, but took Electric Bitters, which effected complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I said they have no equal." All druggists guarantee them at 50c.

MILLIONS OF PEOPLE

ARE DRAGGING OUT A TIRED, WEARY EXISTENCE.

Says Druggist W. M. Johnson, Simply for the Want of a Little Strength and Vitality.

"Simply for the want of a little strength and vitality," said Druggist W. M. Johnson, "there are millions of people in this world, and a large number right here in Gainesville, who are dragging themselves around half dead and half alive, and it hardly seems to them that life is worth living.

"I want to say to every such person, take Vinol, our delicious cod liver oil preparation, which is not a patent medicine, and you know what you are taking, as everything it contains is printed on the bottle.

"Vinol contains in a highly concentrated form all of the curative, life-giving elements of cod liver oil, without a drop of oil or grease to upset the stomach. Vinol will purify and enrich the blood, invigorate every organ in the body and create strength as nothing else known to medicine can do.

"Mr. M. A. Cassidy, a prominent educator and superintendent of schools, Lexington, Ky., writes: 'After using different tonics and cod liver oil preparations on the market, I find Vinol to be far superior to them all, and its strengthening properties are truly remarkable.

"Vinol has built up my system, strengthened my nerves—in fact, it has made a new man of me, enabling me to take up my work with renewed energy and vigor, and I heartily endorse Vinol as the best cod liver oil preparation and strength creator known.'

"We ask every weak and aged person in Gainesville, every person who is run down, overworked, nervous or debilitated, and everyone suffering from severe colds, hanging-on coughs and incipient consumption to try Vinol on our guarantee to build them up and create strength and make life worth living. Vinol will cost nothing if it fails to give satisfaction; in such cases we give back the money without 'red tape.'" W. M. Johnson, druggist.

COURT HOUSE PAVEMENT.

Bricklayers Began Work Thursday, and Will Push Work Through.

Work was begun Thursday of laying brick on the pavement around the court house square, the work being done under the supervision of J. Dudley Williams and Mr. Fisher.

The sidewalk or pavement will prove of great benefit to those who are accustomed to passing that way. It will prove a great convenience to the public generally, and will tend to enhance the value of the county property considerably.

County Commissioner Pedrick of this district has the work in charge, and he has been devoting a great deal of time to the same within the past few days. All material has been delivered, the grades have been properly made, and altogether the work is ready to begin. Mr. Pedrick expects the same to be completed within the next two or three weeks, when Gainesville can boast of the best and most durable pavements in the country.

The Monument Decorations.

The magnificent Confederate monument on the court house square, which was installed through the efforts of the good ladies of Kirby Smith Chapter, U. D. C., was decorated in such an attractive manner on the occasion of Confederate Memorial Day, Wednesday, that it elicited the comment and praise of everyone who saw it.

It was largely through the assistance of Mrs. Jas. F. McKinstry, Jr., and Miss Conway, who assisted Mr. Moyers, that the suggested effects were carried out. These ladies were assisted by Cadets Larkin Carter and Lee Colson, through the courtesy of Superintendent Pound of East Florida Seminary, who permitted a leave of absence. These young men worked faithfully, and the ladies, as well as Mr. Moyers, desire to express to them their appreciation, as well as to Professor Pound for relieving them for the work.

Frightful Suffering Relieved.

Suffering frightfully from the violent poisons of undigested food, O. G. Grayson of Lela, Miss., took Dr. King's New Life Pills, "with the result," he writes, "that I was cured." All stomach and bowel disorders give way to their tonic, laxative properties. See at all drug stores, guaranteed.

Hill of the Poison Plant.

Close to the frontier of Nepal is the mountain of Sandook-Phu, which means in the Tibetan language "the hill of the poison plant," or aconite. This plant is so abundant and so deadly in its effects that all sheep and cattle passing over the mountain are muzzled by their drivers. An English traveler saw at its foot great heaps of discarded bamboo muzzles. Curiously enough, only those cattle that are newly imported from the plains are fatally affected. The natives believe that the sheep of the district learn to shun the youngest leaves, which are the most virulent. A more likely explanation is that they grow habituated to the drug by taking it in small quantities.

Royal Night Bodyguards.

For more than 400 years a body of men known as the Monteros de Espinosa have enjoyed the exclusive privilege of watching over the slumbers of the kings and queens of Spain. They are bound by tradition to be natives of Espinosa and to have served with distinction in the army. One of these is on guard at the door of the bedroom of each royal personage in the palace, and the others, armed with huge halberds and wearing felt soled shoes, tread silently all through the night along the corridors and halls. Their service begins at midnight and ceases at 7 in the morning.

Crass Ignorance.

An east side kindergartner was about to give her class a lesson, with "The Kitten" as the subject. She began by saying: "Our lesson this morning will be all about the kitten. Now, can any little boy or girl tell me which grows on the kitten, fur or feathers?"

A dead silence followed for a minute, when one little boy said in a loud voice: "G-o-o-d gracious! Hain't you never seen a kitten?"—Life.

Ballard's Horehound Syrup

Immediately relieves hoarse, croupy cough, oppressed, rattling, rasping and difficult breathing. Henry C. Stearns, Druggist, Shullsburg, Wis., writes May 20, 1901: "I have been selling Ballard's Horehound Syrup for two years, and have never had a preparation that has given better satisfaction. I notice that when I sell a bottle they come back for more. I can honestly recommend it." 25c, 50c, \$1.00. Sold by W. M. Johnson.
